

# ISN'T IT EASY

Beaten and bruised SOLO  
For our transgressions  
The pure lamb of God spilled His blood out in love  
Now marred beyond recognition

Slandered and mocked SOLO  
The Son was forsaken  
Dying a death on a cross that was made  
For the ones He was saving

Isn't it easy, easy to love Him SOLO  
To get lost in His beauty, to want to be with Him  
I'm never taking, a moment for granted  
Jesus I love You, I can't miss a second

Beaten and bruised SOLO  
For our transgressions  
The King of the Jews, crown of thorns on His head  
Killed in perfect submission

Slandered and mocked SOLO  
The Son was forsaken  
Dying a death on a cross that was made  
For the ones He was saving

This is how the elders, This is how the saints SOLO  
This is how the angels spend all their days  
Though I don't see clearly, I only see in part  
Even just a glimpse has enraptured my heart
